**RE: *United States v. Gustavo Chavez***  
**22 Cr. 303 (JMF)**

SO ORDERED.

August 13, 2024

Dear Judge Furman,

I write in connection with Gustavo Chavez's August 22, 2024, surrender date to BOP custody. Unfortunately, since the date of Mr. Chavez's sentencing, his prostate cancer prognosis has worsened so much so that he has been referred for oncology imaging by his primary care physician. A prostate-specific membrane antigen positron emission topography (PSMA PET) scan is currently scheduled for August 23, 2024, and I have shared the referral letter with AUSA Andrew Jones. To afford Mr. Chavez sufficient time to obtain the PSMA PET scan and schedule any necessary follow up, I respectfully submit that a monthlong adjournment of his surrender date is necessary, particularly since the results of the imaging and additional testing will be crucial to an appropriate BOP designation. The Government, by Mr. Jones, does not object to this application.

I thank the Court for its time and consideration of this application.

Respectfully Submitted,

Andrew John Dalack, Esq.
